September 2008

The following heritage resource consultants offer various archaeological conservation, planning and research services in Saskatchewan, including heritage resource impact assessments (HRIAs) and mitigation studies.

Developers are free to select their consultants of choice. The consultants on this list generally are able to hold permits. However, clients are advised to ensure that any prospective consultant is able to meet all study requirements and can obtain the appropriate investigation permit (per s.67 of *The Heritage Property Act*) where required.

The List of Consultants is periodically updated.
